 Tubular Support (Assembly)

 Support Single Piece

Model(1Code) — 2 Specification

KVDEA — 30

● **Discal Inlaid Prior**

Quantity	1~9	10~
Price	100%	Separate Quotation

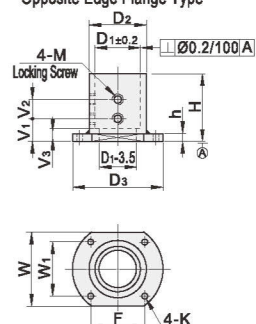

■ **Tube (Single Piece)**

Support (Single Piece)

Code	Type	Material		Surface Treatment
		International	Equivalent	
KVDEA	Support	Q275	STKM13A	Chromate Finish
KVDEB				Blackless Nickel Plating
KVDEC		0Cr18Ni9	SUS304	Black Oxide Finish
KVDED				—
KVFEA	Coppole Edge Flange Type	Q275	STKM13A	Chromate Finish
KVFEFB				Blackless Nickel Plating

❗ For rust prevention requirements, stainless steel or electroless nickel plated products are preferred.

Opposite Edge Flange Type

Note: All tubular support assemblies and tube single pieces of this type have a relatively large outer diameter tolerance range, which cannot be used with fixed clamps. Please take care when selecting!

* L Dimension Tolerance is approximately $\pm 0.2\text{mm}$
